ABOUT NATIONAL CYBER OLYMPIAD

Prashikshan is proud to announce **National Cyber Olympiad – Inter School ICT Quiz Competition 2081**. Apart from the usual teaching learning process of students and teachers in the school premises or outside, this competition specifically targets secondary level students up to grade 10 with the aim to provide the learning opportunities in technology sector through learning and competition. The Registration for the competition shall start from **10th November, 2024 (25th Kartik, 2081)**. This competition starts on **12th January, 2025 (28th Poush, 2081)** where the finals shall be held on **20th January, 2025 (7th Magh, 2081)**

Referring back to the history, the first-ever **National Cyber Olympiad** was hosted back in 2014 at that time. The second interschool ICT quiz competition, held in 2015, the third interschool ICT quiz competition, held in 2016, and the fourth interschool ICT quiz competition, held in 2022, successfully carried on this trend. Students from all participating universities have enjoyed a wonderful platform to compete, study through quizzes, and display their talents at all of the events.

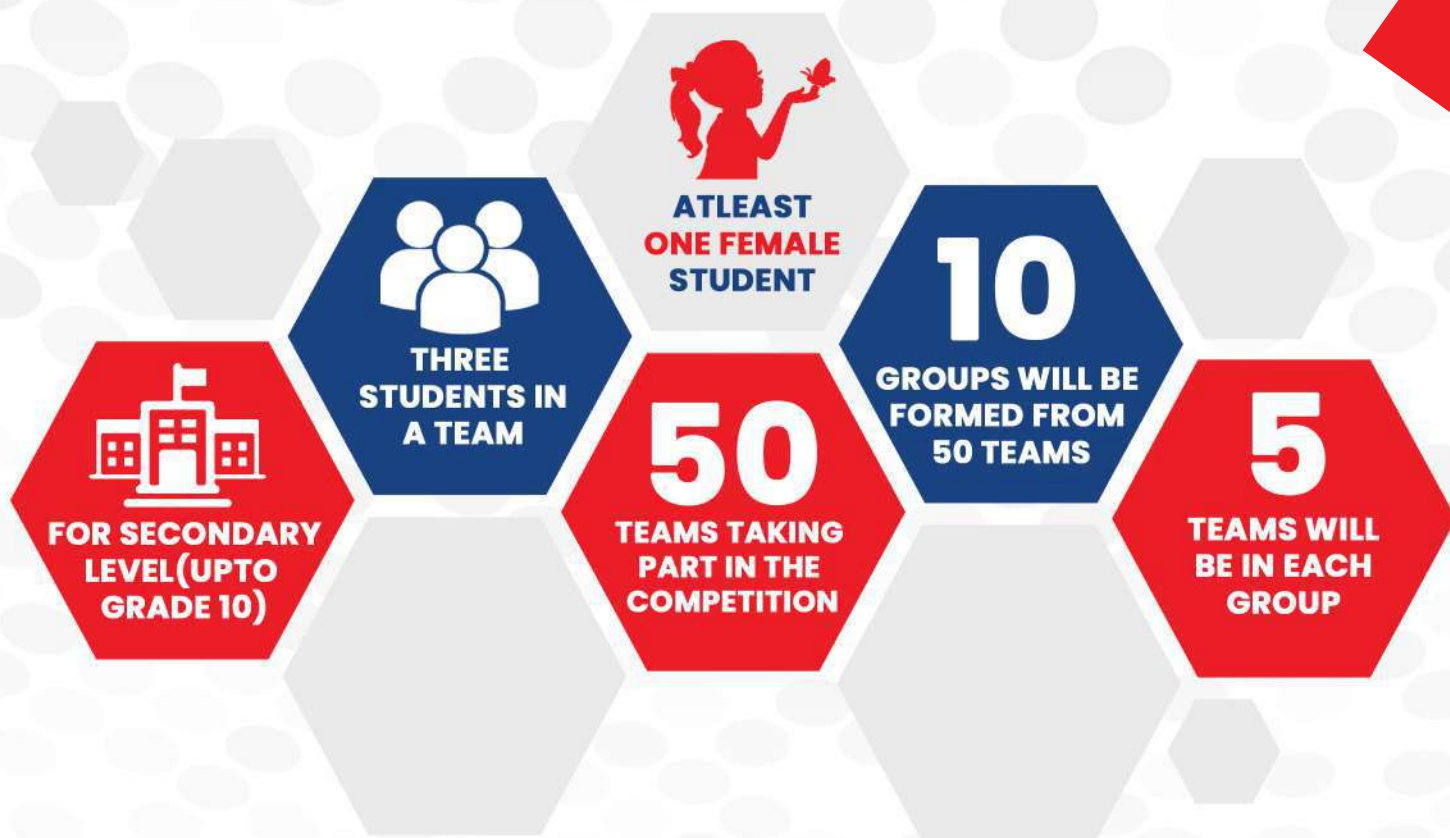

National Cyber Olympiad essentially offers students interested in the information technology sector an extracurricular platform for skill development. **General ICT, ICT Curriculum, Current Affairs, Logical and Mental, and ICT Gadgets and Equipment's** are the various topics addressed in the quiz.

We have organized for at least 50 Nepali schools to participate in this event. Students from every school will take part and compete against their peers. The ultimate goal is to teach Nepalese school-children in general about information technology. The event also aims to broaden the children's knowledge of information and communication technology in order to foster in them a comprehensive grasp of information and technology.

KEY DATES OF THE EVENT

GENERAL OVERVIEW OF NATIONAL CYBER OLYMPIAD

WHY NATIONAL CYBER OLYMPIAD?

INNOVATIVE PLATFORM

Platform for extracurricular activities for students to display and rewarded for outstanding talent.

GOAL ACHIEVEMENT

A competitive arena where each student seeks to achieve 'gold', for himself/herself as well as for the school he/she represents.

SPREADING KNOWLEDGE

Enhance and spread the knowledge of Information Technology amongst common school children of Nepal.

PROFITABLE INVESTMENT

A productive and profitable investment for sponsors of the event who earn maximum leverage in terms of brand promotion and appeal.

UNITY IN DIVERSITY

An opportunity for unity in diversity through mutual collaboration and sharing amongst different school in Kathmandu Valley.
